Can the student who enters college without it be as successful as the one who can use it daily in the lecture room?

NASHVILLE, Dec. 13th, 1860. NASHVILLE, Dec. 18th, 1860. Mr. J. W. Dollear:
Sir.—The first lessons I took from you some time since in Phonography, have enabled me to save more than two-thirds of the labor in preparing my sermons, and I have no doubt it will soon enable me to save hree-fourths of it. I have never spent time more pro-tably than in its attainment, and I feel perfectly free in recommending it to Clergymen generally, as a means by which a vast amount of time may be saved, and that too with far less effort than is generally sup-posed. Its principles are few and simple, of easy at-tainment and suited to the full expression of every word in the language, either for present use or perma-nent record.

Yours respectfully,

In Store and for sale by

Butter, Cheese,

TAKE pleasure in announcing to my old friends and Loustomers that after an absence of two years, I have again returned to resume the practice of the PHOTOGRAPHIC ART in all its branches, having purchased the interest of my brother in the old established Gallery in Union street, and having spent four months in New York the past Summer to obtain fully all the late improvements in the art. I have painted, renovated and enlarged the suite of Rooms throughout. That my facilities are now better to produce first-class work than most Galleries can boast of, and conduce to the comfort of our patrons. I trust not only to sustain the proud position the Gallery has heretofore sustained, but to elevate it to a still higher standard. I have also engaged the services of Mr. COOK, one of the best Photographers in the world, who took the Pictures which obtained the first premium at the World's Fair in London, in 1851, and I am determined not only to make this the leading Gallery in the State, but my work shall not be surpassed North or South, and now introduce to the public the following new styles:

styles: Imperial Phothgraph, India Ink, Vigenette, plain or colored, Ivorytypes, Pastel Portal Pictures, life size, Pastel Portal Pictures, life size,
Photographs on Canvass, life size,
Visiting Cards, full length plain,
Autograph Photographs, 18 taken at one sitting.
Stereoscopes, on glass or paper,
I still continue to make the Melainotype and Ambrotype as beretofore. The above styles are all entirely new in this city, except the Autograph Card, when but one made at a sitting. All who are in want of anything in my line are politely invited to give my a call before visiting elsewhere, when I will prove by occular demonstration the above facts.

Respectfully,

E. G. D. U. A.A.
